**Re: 223 East Street Road
Preliminary/Final Land Development Plans**

Dear Ms. Prysock:

As requested, we have reviewed the information provided to us for the referenced project. We are in receipt of the Preliminary/Final Land Development Plans consisting of 6 plan sheets prepared by Commonwealth Engineers, Inc., dated May 30, 2018 with revision date of July 30, 2018. We have reviewed these documents with regard to proposed sewage facilities and have the following comment:

1. As previously noted, if a DEP Planning Module is required, it must be submitted for review and approval by the Township before submission to DEP. A letter from DEP granting a Planning Module Exemption or approving the Planning Module, as applicable, must be provided prior to final land development plan approval by the Township.

Please contact me should you have any questions.

Sincerely,

AECOM

Ed Strauss, P.E.
Project Environmental Engineer
